**VETERANS SELF-EMPLOYMENT
ACT OF 2005**

HON. RICHARD H. BAKER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 17, 2005

Mr. BAKER. Mr. Speaker, I rise today to introduce the "Veterans Self-Employment Act," legislation to establish a five-year pilot program that allows our Nation's servicemembers, veterans, national guardsman, reservists, and qualified others to use part of their VA educational assistance programs to defray legitimate training costs associated with obtaining a business franchise.

Mr. Speaker, franchising is an enormous component of the United States economy. According to a study conducted by International Franchise Association Educational Foundation, nearly 760,000 franchised businesses generate jobs for more than 18 million Americans annually, comprising nearly 14 percent of the Nation's private-sector employment and accounting for \$1.53 trillion in economic output. Over 75 industries utilize the franchise model for distribution of products and services, ranging from familiar restaurants and hotels to home movers, tax preparers, personnel providers and so on. Clearly, franchising is a critical engine of America's economic growth.

When an individual acquires a franchise, the individual must first undergo various types of training, depending on the specific franchise he or she wishes to acquire. Training can include education on specialized knowledge of goods, services, policies and practices of the individual franchise system. Training may also include customer service, daily operational management, business computer systems, inventory control, costing and pricing as well as regulatory obligations.

At the same time, Mr. Speaker, American military members, whether as active duty servicemembers or veterans, possess a wealth of experience and abilities. Their training in the armed forces has provided them with high-end skill sets that employers are looking for in the future workforce. Yet outside of what has been provided during their tenure with the military, statistics show that many of our young military men and women have had no formal education or training beyond their high school years.

Mr. Speaker, the "Veterans Self-Employment Act" will allow more veterans to take advantage of the opportunities in franchising by allowing servicemembers, veterans, national guardsman, reservists, and eligible dependent spouses or children to apply a portion of his or her educational benefit to defray the portion of a franchise purchase cost attributable to training. Specifically, in a one-time lump sum payment, beneficiaries will be able to use the lesser of $\frac{1}{3}$ of the remaining Montgomery GI Benefit entitlement or $\frac{1}{2}$ the franchise fee.

In addition, the bill provides the Secretary of Veterans Affairs proper authority to oversee and avoid any possible abuse of this program; submit to the Secretary a detailed description of the training program; two year operating rule for franchise businesses; and provide individual progress reports regarding successful completion of individual training, among other things.

Mr. Speaker, I urge my colleagues to support our Nation's veterans and thus urge floor consideration for the "Veterans Self-Employment Act."

JAMES W. LANE**

HON. SHELLEY MOORE CAPITO

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 17, 2005

Mrs. CAPITO. Mr. Speaker, I rise today to honor the memory of Dr. James W. Lane.

Last month, he lost his battle to a long-term illness. Dr. Lane was a Charleston urologist, former U.S. Army captain, and civic leader.

As Chief of Staff of the Charleston Memorial Hospital, he eased a hospital merger that resulted in the creation of Charleston Area Medical Center, which is the premier medical facility in the Kanawha Valley.

Dr. Lane was also a teacher of his trade. As the chairman of the Department of Urology at CAMC and a clinical professor of urology at the Charleston Division of the West Virginia University School of Medicine he trained hundreds of young doctors.

Dr. Lane was a member of several local service and community organizations including the Kanawha Medical Society, the Mid-Atlantic section of the American Urology Association, and the West Virginia Health Right, where he was named volunteer of the year in 2002.

Dr. Lane was instrumental in improving the availability of health care in West Virginia. His legacy of humility and compassion for others was attributed to how he lived every day of his life.

Dr. Lane was a pillar of the community and his memory will resonate in the minds of those fortunate enough to have known him and his countless accomplishments.
